ScandAll PRO 2.0

Accelerate Your Business with fi-Series Scanning Software

shaping tomorrow with you

FUJITSU

ScandAll PRO 2.0
fi-Series Software to Digitize Documents

ScandAll PRO provides a digital on-ramp for the Business Professional. Included in the box, this software accesses a variety of drivers like VRS to deliver the best image quality in a small file size. Saving these documents to common file formats such as PDF or TIFF is as simple as pushing the scan button. While easy to use, profile flexibility gets the documents to the right location without changing current workflows. ScandAll PRO is the perfect front-end solution.

Easy to Use
Create profiles to accelerate business productivity.
- Hot Keys
- Scan launch from Scanner*
- Profiles
- ScanSnap Mode*
- PDF Editing

Please call for details as not available for every model.

Edit PDF files saved with ScandAll PRO.
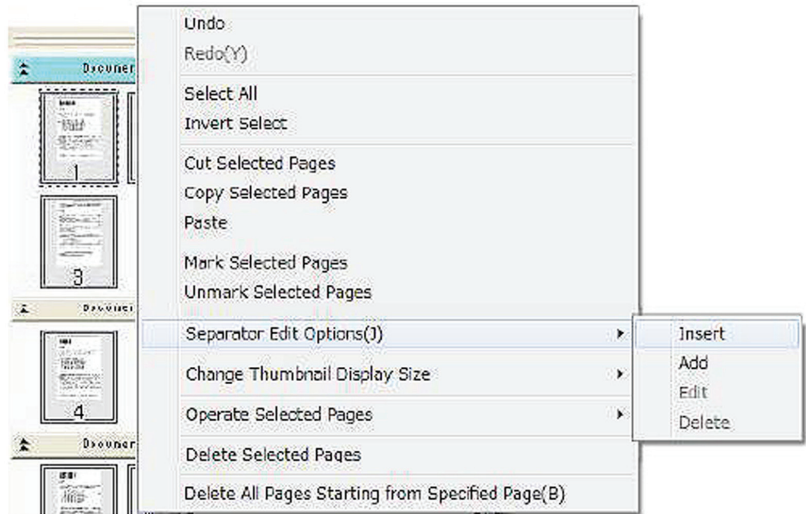

Great Image Quality
Efficiency increases when the documents are captured perfectly the first time.
- Pick the driver best for your pages: Kofax VRS, TWAIN, or ISIS
- Kofax VRS gives auto-color detection and image clean up
- TWAIN provides color controls and edge clean up
- Built in support for Page Edge Fill and Orientation Filters

Powerful Capture Control
Software flexibility conforms to current workflows.
- Save to Tiff, PDF (Password, OCR, PDF/A), JPEG, JPEG2000, JBIG
- Batch Separators via Patch code, Bar code, or Optical Character Recognition
- Scan to File, Email, FTP, SharePoint, Print
- Detailed auto-naming, including date and time.

ScandAll PRO now allows for collapsed batch views as well as insert and delete function for batch separation before saving.

Information Technology Corner
Advanced controls for special jobs and fast deployments.
- Import/Export Profiles
- Password Protected Profiles
- Updates via Scanner Central Admin
- Launch any application passing complete file name
- Indexing and logging
- Premium version for 2D Bar Codes & advanced indexing

Premium supports Two Dimensional Barcode Recognition, PD417 and QR Code. Standard adds EAN128 and ITF barcodes.

System Recommendation
- Windows 2000, 2003, XP, Vista, 2008, 7
- 2.8 GHz processor
- 1 GB memory
- 1 GB Hard drive space
- 1024 x 768 (16 bit color) monitor
